

Kings Triangle

Project Update

At a glance, the Triangle appears to be frozen in time, however, diligent work has begun to rescue the project from the delays created at the hands of a previous contractor. The homes arrived on site without the prep work of plumbing and electrical which had created a lot of painstaking work to dig under and around the existing structures, then the rains came...

IMPACT REPORT

The rain, though a blessing to the community, flooded the trenches, and forced the project to lay dormant for yet another several months. So work began yet again, pipes are now connecting the homes, piers that were inappropriately placed have been resituated, repairs have been made to damages of the interior caused by transport and we are well on our way to bringing the vision to life. But we need you.

KINGS GOSPEL MISSION

As the list of women, children and men who need affordable, safe and respectable housing grows, Twenty homes sit on their dusty mounds waiting for someone to invest in their future for the future of the community. For 30k, we can add running water to the dry sinks, walkways to steps that currently lead nowhere and gardens for a peer supportive community.

You. You can help make that happen. We believe that as a community we can reach our \$600K goal to breathe life into this project. Your Sponsorship opportunity can turn this community in waiting into a community of service and hope.
